Cold holding units were at 39-41F. There is improvement on over stocking in the back storage area however, the reach-in units were still observed with products touching the ceiling and over packed. Manager stated that the company is moving to self monitoring ordering when inventory is short compared to current practice of head quarter's ordering for the store whether they need it or not.

Restrooms were satisfactory with hot water, soap and air blower.

Flies were observed around the produce area. Facility has air curtains and zappers.

Violation: IMPROPER MAINTENANCE OF FACILITY OR EQUIPMENT [HSC 114161-114182 & 114257]

Description/Corrective Action: The walk-in freezer was over stocked with food and ice bags.
