Violation: IMPROPER HOT HOLDING TEMPERATURE(S) [HSC 113996]

Description/Corrective Action: Tornados and hot dogs in the warmer unit were noted at 122-125F. The temperature was adjusted at time of inspection. Please maintain the temperature of potentially hazardous foods at 135F or higher.

The hamburgers and burritos are placed in a separate warming unit for 4 hours and then they're tossed if not sold. The ones observed during the inspection were past their allotted time and temperature was not monitored. These were discarded. Please monitor the food items closely.

Violation: IMPROPER MAINTENANCE OF FACILITY OR EQUIPMENT [HSC 114161-114182 & 114257]

Description/Corrective Action: Some areas of the facility require deep cleaning. Several spills by the drink fountains and in the back storage area were noted. The floor has areas where cracked tiles prevent adequate cleaning. Make necessary repairs to the affected areas.

The store was observed cluttered and overstocked, making it difficult to properly store food items.

The storage closet for the CO2 tank is cluttered with cleaning supplies. The wall next to the closet door requires repair work.

Some of the present conditions are ideal for pest harborage. Maintenance and repairs should be made to prevent pest activity.

General Comments:

Observed refrigeration units at or below 41F.

Please correct the noted violations as stated above.

Thank you for your cooperation.

Violation: None Noted

General Comments:

This inspection was prompted by a complaint our Department received alleging that the facility floors were filthy on Sunday August 16, 2015. During today's inspection the facility's floors were observed a little sticky and wet near the soda machine area. The manager of the facility was spoken to about the complaint received. As a result of the complaint, more attention to the cleanliness of the floor will be addressed by the employees. Floors will be mopped more frequently and the floor mat that is near the soda machine will be replaced as often as necessary.
