Violation: None Noted

General Comments:

Today's inspection was a combination of routine and due to an alleged complaint regarding ants around an inside trash and over flowing trash.

Observation:

All cold holding units were satisfactory.

Sanitizer in automatic dish washer holds at 180F.

All counter tops in the bar area are wiped with sanitizing solution mid day and at night.

The floors in the lobby area and floors in the back storage area are sanitized with bleach solution every night.

No ant were observed today near the inside trash cans.

The PCS is called out as needed if employees observe anything.

The over flowing of trash can may be at rush hour and since the other location is under renovation, employee stated they have been really busy.

The floor is swept every two hours in the lobby area.

Over all food facility was in satisfactory condition.

Thank you
