I. AUTHORITY

Kings County Ordinance No.557, adopted on January 14, 1997 as an urgency ordinance, delegated to the County Director of Finance the authority to continue to invest or reinvest the funds of the County and the funds of other depositors in the County treasury, pursuant to Section 53600 et seq., inclusive of Section 53684, of the California Government Code. The County Director of Finance, as agent of the county, trustee, and fiduciary, assumes full responsibility for the investment program. The Board of Supervisors shall annually review the Director of Finance's performance and may annually renew this delegation of authority for a one-year period pursuant to Government Code 53607. The Board of Supervisors may also revoke the investment authority by County ordinance.

II. POLICY STATEMENT

Annually, the County Director of Finance shall prepare an Investment Policy, pursuant to G.C. 27133 and G.C. 53646, that will be reviewed by the County Treasury Oversight Committee and rendered for approval to the Board of Supervisors and local agencies.

The purpose of this Statement of Investment Policy (Policy) is to establish cash management and investment guidelines for the County Director of Finance, who is responsible for the stewardship of the Kings County Investment Pool. Each transaction and the entire portfolio must comply with California Government Code Section 53601 et seq., Section 53635 et seq., and this policy. All portfolio activities will be judged by the Standard of the Prudence and ranking of investment objectives. Those activities which violate its spirit and intent will be deemed to be contrary to the policy.

III. POOLED INVESTMENT FUND OVERSIGHT COMMITTEE

In accordance with California Government Code Section 27130 et seq., the Board of Supervisors, in consultation with the County Director of Finance, has created a County Treasury Oversight Committee (Resolution No. 95-081, December 5, 1995) to allow local agency representatives participation in the policies that guide the investment of depositor funds. The primary responsibilities of the committee include: (a) to review and monitor the County Director of Finance's Statement of Investment Policy, (b) to cause an annual audit to be conducted to determine the County Treasury's compliance, and (c) to establish criteria for depositor withdrawal of funds for the purpose of investing or depositing outside the County Treasury pool. The meeting of the Oversight Committee shall be open to the public and subject to the Ralph M. Brown Act.

A member of the Oversight Committee may not be employed by an entity that has contributed to the campaign for any member of a legislative body of any local agency that has deposited funds into the county treasury, in the previous three years or during the period that the employee is a member of the committee. While serving on the Oversight Committee, a member may not directly or indirectly raise money for any member of a legislative body of any local agency that has deposited funds into the county treasury. Finally, a member may not secure employment with, or be employed by, bond underwriters, bond counsel, security brokerages or dealers, or a financial

services firms, with whom the Director of Finance is doing business during the period that the person is a member of the committee or for one year after leaving the committee.

The Oversight Committee is not allowed to direct individual investment decisions, select individual investment advisors, brokers, or dealers, or impinge on the day-to-day operations of the County treasury and investment operations.

IV. INVESTMENT OBJECTIVES

The Pooled Investment Fund shall be prudently invested in order to earn a reasonable return, while awaiting application for governmental purposes. The specific objectives for the Pooled Investment Fund are ranked in order of importance.

A. SAFETY OF PRINCIPAL - The preservation of principal is the primary objective. Each transaction shall seek to ensure that capital losses are avoided, whether they are from securities default or erosion of market value. The objective will be to mitigate credit risk and interest rate risk.

1. Credit Risk is the risk of loss due to the failure of the security issuer or backer. Credit risk is mitigated by: (a) limiting investments to the safest types of securities; (b) pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the Treasury will do business; and (c) diversifying the investment portfolio so that potential losses on individual securities will be minimized.

2. Interest Rate Risk is the risk that the market value of securities in the portfolio will fall due to changes in general interest rates. Interest rate risk is mitigated by: (a) structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity, and (b) by investing operating funds primarily in shorter-term securities.

B. LIQUIDITY - As a second objective, the Pooled Investment Fund should remain sufficiently flexible to enable the County Director of Finance to meet all operating requirements which may be reasonably anticipated in any depositor's fund. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). No more than 35% of the portfolio may be invested in securities maturing in three to five years and during peak tax collection no more than 30%. Percent restrictions shall be applicable only for the date of purchase. Any future percent deviations due to cash flow demands reducing the total investment portfolio shall not be considered out of compliance. Furthermore, since all possible cash demands cannot be anticipated, the portfolio shall consist largely of securities with active secondary or resale markets (dynamic liquidity).

C. PUBLIC TRUST - In managing the Pooled Investment Fund, the County Director of Finance and the authorized investment staff should avoid any transactions that might impair public confidence in Kings County and the participating local agencies. Investments should be made with precision and care, considering the probable safety of the capital as well as the probable income to be derived.

D. MAXIMUM RATE OF RETURN - As the fourth objective, the Pooled investment Fund is designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and liquidity objectives described above. The core of investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities can be sold prior to maturity for the following reasons: (1) a declining credit security to minimize loss of principal; (2) a security swap to improve the quality, yield, or target duration in the portfolio; (3) the liquidity needs of the portfolio require that the security be sold; (4) a call notification of a make-whole bond which, given unfavorable market conditions, could deteriorate the price of the bond on the redemption date, or (5) to realize a profit. If there is a realized loss of principal, the loss will first be allocated against the interest earned in the current quarter on the sold security. If the security's current interest is not sufficient to cover the loss, then the Director of Finance may allocate the loss against a profit realized from selling a security in the same quarter, and/or the total current and future portfolio interest earnings. In the event of an imminent loss of principal for which the security's interest would not be sufficient to cover the loss, the Director of Finance may withhold from the total current and future portfolio interest earnings to reserve against a future maximum anticipated actual loss.

V. STANDARD OF CARE

A. PRUDENCE - The County Director of Finance, as a trustee and therefore a fiduciary, is subject to the Prudent Investor Standard-which states, "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, the county treasurer shall act with care, skill, prudence, and diligence under the circumstances then prevailing, specifically including, but not limited to, the general economic conditions and the anticipated needs of the county and other depositors, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the county and the other depositors." The standard of prudence to be used by investment staff shall be the "prudent person" standard, which provides, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, liquidity needs, as well as the probable income to be derived." This standard shall be applied in the context of managing an overall portfolio.

When investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds the County Director of Finance shall act with the care, skill, prudence and diligence to meet the aims of the investment objectives listed in order in Section IV., Investment Objectives. Investment staff acting in accordance with written procedures and this Policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

B. ETHICS AND CONFLICT OF INTEREST - Treasury staff involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. The investment staff shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. The investment staff shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the treasury.

Pursuant to Government Code Section 27133(d), the County Director of Finance, individual Treasury employees, or any member of the County Treasury Oversight Committee may not accept honoraria, gifts, and gratuities from advisors, brokers, dealers, bankers, or other persons with whom the County Treasury conducts business in an amount exceeding \$50.00.

C. DELEGATION OF AUTHORITY - Authority to manage the investment program is granted to the County Director of Finance by the Kings County Board of Supervisors. The moneys invested will be actively managed by the Director of Finance and his/her staff, who shall carry out established written procedures and internal controls for the operation of the investment program consistent with this Policy. No person may engage in an investment transaction except as provided under the terms of this Policy and the procedures established by the Director of Finance. The Director of Finance shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate staff. (See also Safekeeping and Custody, Internal Controls VI B. below). The authority to execute investment transactions for the portfolio shall be limited to the Assistant Director of Finance - Treasury, the Treasury Manager, and in the absence of the Treasury Manager, the Accounting Specialist-Treasury Operations.

VI. SAFEKEEPING AND CUSTODY

A. DEPOSITORY INSTITUTIONS – As far as possible, all money belonging to, or in the custody of the County Director of Finance shall be deposited for safekeeping in state or national banks selected by the Director of Finance, or may be invested as set forth in Section VII. To be eligible to receive funds, the bank shall have received an overall rating of not less than “satisfactory” in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California’s communities pursuant to Section 2906 of Title 12 of the United States Code.

B. AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS - Schedule 1- Statement of Authorized Firms, on page 15, is a list of County Director of Finance approved financial institutions and broker/dealers authorized to provide investment services to the Treasury. Authorized firms can be added or deleted only with the Director of Finance’s approval. Any changes will result in modification to Schedule 1, but will not be considered a revision to this policy. Changes to authorized firms shall be reported to the County Treasury Oversight Committee and Board of Supervisors within two (2) weeks. The authorized parties include mostly "primary" dealers selected on the basis of creditworthiness, capital adequacy, availability of investment inventory, and experience in trading in authorized investments. Firms utilized for money market mutual funds must either attain the highest ranking or the highest letter and numerical rating provided by not less than two of the three largest nationally recognized

statistical-rating organizations (NRSRO) OR have retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years experience (i) investing in the securities and obligations as authorized in G.C. 53601, or (ii) managing money market mutual funds; and have assets under management in excess of five hundred million dollars (\$500,000,000). All financial institutions and broker/dealers who desire to become qualified firms for County Treasury investment transactions must supply the audited financial statements, proof of National Association of Securities Dealers (NASD) certification, proof of State registration, completed broker/dealer questionnaire, and certification of having read the Kings County Investment Policy. An annual review of the financial condition of qualified firms will be conducted by the Treasury Manager.

The Treasury shall not do any investment business with any broker, brokerage, dealer, or securities firm that has, within any consecutive 48-month period following January 1, 1996, made a political contribution, in an amount exceeding the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board, to any member of the Board of Supervisors or any candidate for those offices. Firms must provide corporate policy statements regarding compliance with political contributions limitations of Rule G-37.

C. INTERNAL CONTROLS - The County Director of Finance is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the investment portfolio are protected from loss, theft, or misuse. The internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Daily, or when next available, the County Director of Finance or designee will

(1) Review and initial all Investment Purchase Orders to verify compliance with the overall Policy, Investment Parameters, and Authorized Institutions.

(2) Review and initial the “Daily Balance Sheet” to insure continuous compliance of portfolio investments (percentage distribution) to the Policy and Investment Parameters.

Weekly, the County Director of Finance or designee will verify that the Portfolio Percentage Report by investment type is balanced to the Daily Balance Sheet.

Monthly, all funds maintained by the County Director of Finance, including cash in treasury, deposits in transit, Kings County Department of Finance’s checking account balance, and investment holdings will be audited by the County Department of Finance – Accounting Division.

Quarterly, the County Director of Finance or designee will report compliance of the investment portfolio to the Director of Finance’s Statement of Investment Policy. (See Section IX. Reporting Methods on page 12)

Annually, the County Treasury Oversight Committee shall hire an external auditor to conduct an independent review to assure compliance of the Director of Finance's investment activities with the Statement of Investment Policy.

D. SAFEKEEPING - All securities purchased either outright or on repurchase agreements shall be held in safekeeping by a third party bank trust department acting as agent for the County under terms of a custody agreement executed by the bank and the Director of Finance. The only exceptions authorized are purchases from Local Agency Investment Fund (LAIF), collateralized time deposits, collateralized bank money market accounts, and investments in money market mutual funds.

E. VOLUNTARY DEPOSITORS - If a local agency determines the agency has excess funds which are not required for immediate use and with the consent of the County Director of Finance, the legislative or governing body may, by resolution or minute order, authorize the deposit of excess funds into the County Treasury for the purpose of investment pursuant to Government Code Section 53635. At no time will the County Treasury accept deposits of personal funds unless by Court order.

The County Director of Finance shall, on a case by case basis, determine the terms and conditions under which a city, public district, or any public or municipal corporations located within Kings County, and not required to deposit their funds in the County Treasury, may voluntarily deposit funds for investment purposes. The County Director of Finance shall evaluate each proposed deposit request prior to approving the deposit into the Treasury. The County Director of Finance must make a finding that the proposed deposit will not adversely affect the interests of the other depositors in the County Investment pool, prior to approving the deposit.

F. WITHDRAWAL OF FUNDS FOR EXTERNAL INVESTMENT -The County Treasury Oversight Committee's approved policy statement on "Treasury Restrictions on Withdrawal for External Investment" establishes the terms and conditions for Treasury depositors withdrawing funds for investment outside the County investment pool. (See Appendix A on page 17 and 18)

Any local agency, public entity, or public official that has funds on deposit in the County Treasury investment pool and that seeks to withdraw funds for the purpose of investing or depositing those funds outside the County Treasury pool, shall submit a resolution or minute order approved by the legislative or governing body requesting the withdrawal of the funds. Funds withdrawn shall become the responsibility of the requesting legislative body, and the Director of Finance will be held harmless from liability.

The County Director of Finance shall evaluate each proposed withdrawal for its consistency with the County Treasury Oversight Committee policy prior to approving the withdrawal. Percent restrictions shall be applicable only for the date of purchase. Any future percent deviations due to cash flow demands reducing the total investment portfolio shall not be considered out of compliance. Maximum investment amounts in any issuer name shall be limited as provided in the Investment Parameters on page 16.

B. MAXIMUM MATURITIES - Maturity limitations for each instrument type shall be restricted as provided in Government Code 53601, 53601.8, 53635, and 53635.8 or as further defined in Schedule 2 - Investment Parameters on page 16. No investment shall be made in any security, other than a security underlying a repurchase agreement authorized in this policy, which at the time of investment has a term remaining to maturity in excess of five years, unless a legislative body has granted express authority to make that investment either specifically or as part of an investment program approved by that legislative body no less than three months prior to the investment.

IX. REPORTING

A. METHODS - The County Director of Finance or designee shall prepare an investment report at least quarterly, including a succinct management summary that provides a clear picture of the status of the investment portfolio. This summary will be prepared in a manner, which will allow the reader to ascertain whether investment activities have conformed to the investment policy.

The report will be provided within 30 days following the end of the quarter covered by the report and submitted to the County Board of Supervisors, County Administrative Officer, Finance Director, other members of the County Treasury Oversight Committee, and pool participants.

The report will include the following:

1. A Statement of Compliance with the Investment Policy.
2. A listing of individual securities and moneys held at the end of the reporting period to include:
 - (a) The type of instrument.
 - (b) The name of the issuer.
 - (c) Purchase date, maturity date, and days to maturity.
 - (d) Issuers rating.(Long term or short term, as appropriate)
 - (e) Par and dollar amount invested in each security.
 - (f) The current market value of securities as of the date of the report and the source of the valuation.
3. A statement estimating the ability of the County Treasury to meet its pool's expenditure requirement for the next six months.
4. A statement of the method of interest accounting used.
5. Portfolio Sector Allocation and Quality Allocation graphs.
6. A Statement of Interest Earnings Report for the Quarter.

B. QUARTERLY INTEREST CALCULATION AND APPORTIONMENT - Gross interest for the quarter is the total interest earned on an accrual basis on the Treasury portfolio investments for that quarter. Administrative expenses pursuant to G.C. 27013 are deducted to arrive at net interest to be apportioned. Administrative expenses consist of audit expenses, direct banking expenses, not otherwise recovered directly from Treasury depositors, safekeeping fees, plus quarterly prorated Treasury operational expenses from the department cost allocation plan. The net earnings for the quarter are divided by the Treasury's total average daily balance creating an "interest allocation factor" or "daily interest factor" for each average dollar invested. Multiply the "interest allocation factor" by the quarterly average daily balance of each fund to determine the interest earnings for each fund. Interest is apportioned quarterly to all depositors in the Treasury pool. The "interest allocation factor" can be converted into the annualized quarterly interest rate; multiply the factor by the number of days in the year, and divide that answer by the number of days in the quarter.

X. POLICY EXCEPTIONS & REVISIONS

A. EXEMPTION - Any previously legal investments, that settled prior to the effective date and that no longer meet the current guidelines of this Policy, shall be exempted from the new requirements. At maturity or liquidation, such moneys shall be reinvested only as provided by this Policy.

COUNTY TREASURY OVERSIGHT COMMITTEE

Policy Statement and Authorized Practice Approved March 4, 1996

Treasury Restrictions on Withdrawal for External Investment

Authorization: Pursuant to Government Code Section 27130 and Kings County Board of Supervisor's Resolution No. 95-081, dated December 5, 1995, the Kings County Treasury Oversight Committee is authorized to establish criteria on the withdrawal of funds on deposit in the County Treasury investment pool for the purpose of investing or depositing those funds outside the County Treasury pool.

Request for Withdrawal: Any local agency, public entity, or public official that has funds on deposit in the County Treasury investment pool and that seeks to withdraw funds for external deposit or investment, shall first submit a request by resolution or minute order approved by the legislative or governing body for withdrawal of the funds.

Assessment of Withdrawal Impact: The County Director of Finance shall evaluate all requests for withdrawal to determine if the interests of the other Treasury depositors in the County Treasury pool will be adversely affected. If the County Director of Finance determines that the combined number of requests or total dollar amount requested is sufficient to constitute a "run on the treasury", no withdrawal requests shall be processed until the County Treasury Oversight Committee has reviewed the treasury financial position and assists the Director of Finance in establishing an action plan.

Approval or Disapproval: The County Director of Finance shall approve all requests upon the finding that other Treasury depositors will not be adversely affected. If other Treasury depositors are perceived to be adversely impacted, the County Director of Finance may postpone action on any withdrawal request until the County Treasury Oversight Committee has reviewed the situation.

Approved Withdrawal Criteria: Approved withdrawals will be processed dependent on availability of funds, the type of investments required to be liquidated, market conditions, settlement periods, and dollar amounts to be withdrawn. The following are target goals for withdrawals:

- a. If adequate liquidity exists in short term investments and requires minimal liquidation and settlement, withdrawals of amounts up to \$1,000,000.00 shall be processed immediately upon the County Director of Finance's approval.
- b. If the County Treasury liquidity position is such as to require liquidation of more difficult investment(s), the below processing times shall apply based on the withdrawal dollar amounts and market factors.
 - (1). If the withdrawal amount is less than \$1,000,000.00, and favorable market conditions exist, requests shall be processed within three workdays.

(2). If the withdrawal amount is greater than \$1,000,000.00, or unfavorable market conditions exist, requests shall be processed within five workdays.

Disclaimer of Liability: Any and all funds withdrawn from the County Treasury investment pool for the purpose of investing or depositing such funds outside the pool shall become the responsibility of the legislative body requesting the action. The County Director of Finance or County of Kings shall in no manner be held responsible or liable for withdrawn funds or investments purchased with said funds. The request of any legislative body, by resolution or minute order, authorizing the withdrawal of funds for deposit or investment outside the County Treasury investment pool must provide a disclaimer of liability. The Director of Finance shall not honor any such withdrawal request if a disclaimer clause is not provided.
